»reading toska«

»reading toska« – an exciting new choreographic reading of the puccini opera – is not a staging of this opera but rather a contemporary new composition in movement and sound. in a polyphonic tableau the choreography unifies cruel poetry and discord, horrific images, sensitive portraits and increasingly ironic and critical reflections of society. puccini's composition is deconstructed and the smallest particles appear as though originating from a hidden space. thus the music is also a poetic metaphor of fragility as well as a mirror of the opera's inherent destructive power. reality, desires and visions fall to pieces. in »reading toska« everything can be reversed into its opposite; violence, torture, feelings of powerlessness, uncertainty and desire are intertwined into a brutal world full of inner conflicts.

»the spectacular final tableau swept the audience off their feet into ecstatic rounds of applause.« (faz)

»a choreographically convincing reading of the opera from the dancers' perspective is the result. toula limnaios proves to be a choreographer with fantasy and a clear-sighted interpreter of puccini's opera.« (neue zürcher zeitung, 2008)

»one of the most renowned choreographers of the european dance scene has taken on 'tosca'. the septet offers an impressive 70-minute performance. ... a disturbing and lastingly impressive piece of contemporary dance.« (dagmar klein, gießener allgemeine)

»overwhelming images of fragmented relationships: limnaios, one of berlin's most creative choreographers, is responsible for the fact that this is not a dance illustration of the original. she succeeds in creating haunting images of the very fragility of all relationships, for which the figures around toska are exemplary. besides the image solutions and the excellent septet of dancers, it is the typical sense of movement that makes 'reading toska' a piece of format.« (tanzjournal)

»the result is a choreographically coherent reading of the opera from the dancer's point of view. toula limnaios proves to be an imaginative choreographer and clear-sighted interpreter of puccini's opera.« (martina wohlthat, neue zürcher zeitung)

»the piece is also a moving reflection on opera and affect, on body and voice. she succeeds in creating images of disturbing beauty.« (sandra luzina, tagesspiegel)

»toula limnaios' powerful piece manages to avoid platitudes even when she reaches for an obvious image. the color red, for example. irony is another of toula limnaios' talents. but the most beautiful and at the same time most obvious thing is when a dancer has wine glasses strapped to her arms. a deep red liquid is in one glass. slowly, carefully, the dancer turns, twists and turns, so that she can pour the red juice into another glass again and again. she is a delicate miraculous creature, a kind of lucia bride, who also has to be very careful because of the candles on her head. nothing breaks in 'reading toska'. in real life, as the play leaves no doubt, there would have been broken pieces long ago.« (sylvia staude, frankfurter rundschau)

press reviews

»nothing that is not an excerpt of the heart, finds its expression in the work of toula limnaios, whereby the originality of this artist, a perfectionist of excesses, may lie therein. her excesses focus on mankind, the mysteries of his origins, the fire of his future. «
(saison de la danse, jean-marie gourreau)

»one of the most renowned choreographers of the european dance scene has created a ›tosca‹ a lasting and impressive piece of the contemporary dance. the spectators were excited and touched. the magnificent final tableau swept the audience off their feet into ecstatic rounds of applause. «
(frankfurter allgemeine zeitung)

»limnaios, one of the most striking figures in the contemporary dance for years, remains at the heights of her artistry«
(neuer zürcher zeitung)

»the spectators get to see somnambulist images, poetically sensitive and intimate impressions in which real and surreal interweave. the word is about toula limnaios, a choreographer born in athens who has made berlin her home since 1997. the pieces she created with her company make people drift-away... for the images are really magical. the experts know that toula limnaios with her choreographies takes a special place in the vast dance scene in germany, an exceptional place. what she turns into dance is seen nowhere and she herself follows no trends. «
(rbb-kulturradio)

»the cie. toula limnaios creates dance that penetrates the soul... visually stunning and intense, atmospheric journeys into the abysses and posterity. toula limnaios managed to find a very unique power of expression in her pieces. the choreographer's source of inspiration are often master works, world literature, century-scores. she overwrites the classics with her own aesthetics, her own vocabulary of the movement and creates psychologically well-tared contemporary pieces. the company is admirably diligent, and its theatre is one of the most popular addresses for contemporary dance. «
(tagesspiegel)

»the company presents an unusually successful story: here, almost every show is sold out, the cie. toula limnaios managed to gain its own audience, not necessarily with an affinity for dance, that follows the artists from a production to production filled with trust and enthusiasm. «
(goethe-institute)

»the auditorium is packed. the first couple begins, the second joins in a way that takes your breath away. responsible for this frenzy of feelings and images are toula limnaios und ralf ollertz. he creates the acoustic visual realms that she causes to explode on stage with help of her dance ensemble. 39 productions in 19 years, moreover numerous revivals and world tours demonstrate their unbelievable symbiosis and productivity. making her one of the most important choreographers for contemporary dance today.

choreographer toula limnaios is one of those who, together with composer ralf r. ollertz, ensure that this art form of dance continues to retain its unmitigated vitality. for almost 20 years now, toula limnaios has headed her own company, which bears her name. and with her small, but excellent, international ensemble, she brings contemporary dance onto the stage – in berlin, where the ensemble is based and across the world.

those, who have the privilege of seeing the cie. toula limnaios dance, experience a celebration of emotion. the intensity of the movements and the dancers' feelings enthrall the viewer. the audience senses the physicality, becomes part of the dance. over and over again, in every single performance. «
(zdf aspekte, stefanie heidbrink)

»toula limnaios is known to reframe classical works of art and literature into sensational dance pieces with a strong focus on human connections. in ›tempus fugit‹, from intricate floor-work to flying across the stage, the agile bodies of the dancers were well-adapted to limnaios' highly charged movement vocabulary. «
