about »staubkinder«

»staubkinder«

this new creation by cie. toulalimnaios is inspired by the music of gustav mahler and is dedicated to the children of dust that we are. they are deeply embedded in our individual and universal memories.

in »staubkinder« (children of dust) we let ourselves be carried away into an absurd and confusing world. a world similar to ours, with the critical aspects of the present, today's complexity and this uncertain space called future. the children of dust are looking for a hold – the ground on which their feet stand is foreign to them. disturbing and poetic at the same time...

»there is a painting by paul klee called »angelus novus«. it depicts an angel who looks as if he is about to move away from something he is staring at. [...] he would probably like to linger, wake the dead and put together what has been shattered. but a storm is blowing from paradise, caught in his wings and so strong that the angel can no longer close them. this storm drives him inexorably towards the future, to which he turns his back, while the heap of ruins before him grows towards heaven. that which we call progress is this storm.«

(walter benjamin, »on the concept of history«)

o mensch! gib acht!
was spricht die tiefe mitternacht
»ich schlief, ich schlief -,
»aus tiefem traum bin ich erwacht: -
»die welt ist tief,
»und tiefer als der tag gedacht.
»tief ist ihr weh -,
»lust - tiefer noch als herzeleid:
»weh spricht: vergeh!
»doch alle lust will ewigkeit -,
»- will tiefe, tiefe ewigkeit!«

»das trunkene lied«, friedrich nietzsche

press review »staubkinder«

»toula limnaios has again gone into these sometimes uncanny abysses of human existence. this is a piece full of pain and despair and also love, but without superficial emotionalisation. so the language of movement it rather reduced and sparse, tells of a lack of support when the dancers stagger and lurch and fall to the floor as if struck down, when the bodies are yanked backwards or when a couple can't find their way to each other.«

»what is shown here is just honest! this is this pain of being thrown by us humans, it's an expression of our longing and also our search for meaning and for security, there is some of that here in the group. (...) it is really fascinating how life is told here, in harmony and in conflict with the music, which is framed by such disturbing electronic whirring and whispering voices, and in the final movement is also simply broken off brutally. (...) there is no sentimentalism, no pompous drama, but an unsparingly clear view of the fears that threaten to overwhelm us through the crises, as in our present, except that here, unlike in gustav mahler's work, there is no transfiguration at the end, no god into whom everything flows and thanks to whom everything will be all right again. a truly powerful piece. it takes a while until the audience can free itself from a kind of self-consciousness. and then cheers.«

press reviews

»nothing that is not an excerpt of the heart, finds its expression in the work of toula limnaios, whereby the originality of this artist, a perfectionist of excesses, may lie therein. her excesses focus on mankind, the mysteries of his origins, the fire of his future. «
(saison de la danse, jean-marie gourreau)

»one of the most renowned choreographers of the european dance scene has created a ›tosca‹ a lasting and impressive piece of the contemporary dance. the spectators were excited and touched. the magnificent final tableau swept the audience off their feet into ecstatic rounds of applause. «
(frankfurter allgemeine zeitung)

»limnaios, one of the most striking figures in the contemporary dance for years, remains at the heights of her artistry«
(neuer zürcher zeitung)

»the spectators get to see somnambulistic images, poetically sensitive and intimate impressions in which real and surreal interweave. the word is about toula limnaios, a choreographer born in athens who has made berlin her home since 1997. the pieces she created with her company make people drift-away... for the images are really magical. the experts know that toula limnaios with her choreographies takes a special place in the vast dance scene in germany, an exceptional place. what she turns into dance is seen nowhere and she herself follows no trends. «
(rbb-kulturradio)

»the cie. toula limnaios creates dance that penetrates the soul... visually stunning and intense, atmospheric journeys into the abysses and posterity. toula limnaios managed to find a very unique power of expression in her pieces. the choreographer's source of inspiration are often master works, world literature, century-scores. she overwrites the classics with her own aesthetics, her own vocabulary of the movement and creates psychologically well-tared contemporary pieces. the company is admirably diligent, and its theatre is one of the most popular addresses for contemporary dance. «
(tagesspiegel)

»the company presents an unusually successful story: here, almost every show is sold out, the cie. toula limnaios managed to gain its own audience, not necessarily with an affinity for dance, that follows the artists from a production to production filled with trust and enthusiasm. «
(goethe-institute)

»the auditorium is packed. the first couple begins, the second joins in a way that takes your breath away. responsible for this frenzy of feelings and images are toula limnaios und ralf ollertz. he creates the acoustic visual realms that she causes to explode on stage with help of her dance ensemble. 39 productions in 19 years, moreover numerous revivals and world tours demonstrate their unbelievable symbiosis and productivity. making her one of the most important choreographers for contemporary dance today.

choreographer toula limnaios is one of those who, together with composer ralf r. ollertz, ensure that this art form of dance continues to retain its unmitigated vitality. for almost 20 years now, toula limnaios has headed her own company, which bears her name. and with her small, but excellent, international ensemble, she brings contemporary dance onto the stage – in berlin, where the ensemble is based and across the world.

those, who have the privilege of seeing the cie. toula limnaios dance, experience a celebration of emotion. the intensity of the movements and the dancers' feelings enthrall the viewer. the audience senses the physicality, becomes part of the dance. over and over again, in every single performance. «
(zdf aspekte, stefanie heidbrink)

»toula limnaios is known to reframe classical works of art and literature into sensational dance pieces with a strong focus on human connections. in ›tempus fugit‹, from intricate floor-work to flying across the stage, the agile bodies of the dancers were well-adapted to limnaios' highly charged movement vocabulary. «
